Side Mount Boat Lifts

GET A RECOMMENDATION

- Works for any V-hull or pontoon boat
- Attached to two places on the side of the slip
- Completely submerges under water
- Under Water Bracket for extra support
- Dockside or party deck installation
- Standard design supports PWCs from 800-2500 lbs.
- Customized designs can support boat from 4000-7000 lbs.
- Includes a custom-built underwater bracer for your dock
- Easy docking by free-floating your craft over the lift
- Upgrading as easy as adding an extra air tank
- Roto-molded polymer tanks with half life of one thousand years and have a life time warranty
- Special recycled polymer cradles that never rot or mildew and are skid resistant, waterproof, and will never crack, chip, or splinter. The cradles will never leave a mark on your boats hull and are 100% maintenance free; you will never have to replace them.
- Unique safety features to insure the health of loved ones and your boat.
